43634 (1set) | 43540 Handle Set with Square adaptor 43539

43633(1set) | 43514 Handle Set with Square adaptor 43539

43638(1set) | 43518 Handle Set with Square adaptor 43539

Entrance Lock

- myLOCK integrated latch, privacy and dead bolt [to SUIT ENTRANCE LEVERS ABOVE]
- For front door applications, this new lock has a quick lock/release privacy function for "Keyless Locking"
- When using the handle to exit, the privacy mechanism also automatically unlocks the door for a quick easy exit – without the need for keys!
- Furthemore, the lock has full keyed dead bolt functionality as required for insurance purposes for the ultimate level of security.

Heavy Duty Latch Mechanism for reliable entry and exit. Reversable for either Left or Right hand opening doors.

Keyless locking is available by using the snib when home to prevent anyone opening the door and walking in. ***Its a quick and simple locking function for every day use and works independently of the dead bolt.***

Engage the dead bolt for the ultimate level of security when you're out of the house or away on holiday.

The bolt is made from solid brass (40x10mm thick!) and extends 85mm across the door jamb and back into the case providing security and piece of mind.

Auto Escape Function

Satin Chrome - 49219

Interchangable Face & Striker plates:
Chrome Plate - 39219

The austyle philosophy demonstrates how good ideas become reality.

Every austyle product is designed and manufactured with an emphasis on quality raw materials, practical functionality and unique designs.

Whether the product is 304 stainless steel or solid virgin brass, strength in foundation through the use of high grade raw materials ensures austyle products can withstand the tolerances required in all comercial or domestic, internal or external applications.

austyle products are manufactured to exceed ISO9000 international quality standards and are mechanically and practically functional as well as simple and easy to install.

Our in house design team develops products that reflect current market styles and trends and many of our unique designs have design registrations and mechanical patents to protect their individuality.

Welcome to the austyle range of quality architectural hardware and a new approach in design innovation.
